BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes imporcrished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weak ened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. a purely vegetable remedy. made of roots, berbs and barks, is just what is needed. It not only cleaness the blood of all impurities and poisons, and enriches and strengthens it, but

gently builds up the entire system by its fine tonic effect. S. S. S. reinvigorates every menber of the body; gives tone and vigor to the blood. and as it goes to the different parts, carries robust health and strength. S. S. S. acts more PURELY VEGETABLE. promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address

MOTHER AND CHILDREN DESTITUTE Mrs. John Trappo Asks Admission to

the Poor Farm. Mrs. John Trappe, wife of the murderer of Henry Link, a Belleville saloonkeeper, yesterday applied to the county authorities at Belleville for admission to the St. Clair County Farm at Belleville for herself, her 4-year-old son and 5-year-old supplier.

daughter.
She asked that she and her children be given refuge there for the winter. Mrs. Trappe says that since her husband has been in jail, that she has lived as best she could and that now she is unable to support herself and children. There are no accommodations in the County Farm for children, but the matter will be taken up immediately by the county officials.

JUSTICE TEXDERS RESIGNATION. George Schaaf Will Give Up His Of-See at Once.

Justice of the Peace George Schaaf, who has held that office in Smithton, St. Clair County, for a quarter of a century, yesterday sent his resignation to County Clerk George K. Thomas. The resignation takes effect at once, or as soon as agreeable to Mr. Thomas.

Justice of the Peace Schaaf and his wife were acquitted last week in the Circuit Court at Belleville of charges of cheulating literature about two of Smithton's pretty kirls, the daughters of Doctor Bock, president of the Village Roard. After the acquitted of the Schaafs their home was stoned. Doctor Bock placed two armed guards about the house.

These guards were compelled to fire their riot guns at a crowd which made a second attempt to stone the house. Since then there has been no disturbance.

Seeking Release of Reithmann. Application was made in the circuit Court at Belleville yesterday for the release of George Relthmann on bond. The allegation was made by the attorneys for Reithmann that the State did not have sufficient evidence to convict. Circuit Judge R. D. W. Holder ordered State's Attorney Tecklenburg to have his witnesses in court to-morrow, when he would take up the case. Reithmann is charged with the murder of M. A. Carl, in East St. Louis three years ago.

Automobile Speed Enthusiast Leaves Sanitarium and in Company With Wife Starts for Minneapolis-Mrs. Van Auken Noncommittal.

William Van Auken, the automobile speed enthusiast, who has been in the Mayheld Sanitarium, Taylor avenue and West Belle place, for the last two weeks, departed yesterday for Minneapolis, Minn. In company with Mrs. Van Auken.

It has been definitely settied that the wife whom Van Auken took unto himself last Monday is no other than Mrs. Van Auken herself, the woman that he married in Minneapolis seven years ago, and it is taken that the tour North is in the nature of a second honeymoon excursion.

Several letters were received at the sanitarium yesterday addressed to Winnie May Warren. Mrs. Van Auken, who said last Monday that her maden mame was Grace Becker, opened these letters. The most of them were from energetic St. Louis dealers, who sell those things most needed for housekeeping. Installment furniture houses watch closely the marriage license column in the daily papers and send the newly married couples a list material that Mrs. Van Auken found in some of her mail yesterday.

No Waste With This

HERE'S an ideally fine Holstein Cow!
This perfect cow produces 8 quarts of 4% Butter-fat Milk and 1
quart of 12% Butter-fat Cream each day.

You would have to pay the milk man at least 7 cents a quart for this Cow's Milk and 36 cents a quart for this Cow's Cream—in all 92 cents.

If you owned the cow and did not use all the milk she gave daily you would have to waste what was left over—because raw milk doesn't keep.

And besides, although the Milk and Cream were of the finest quality

contained the maximum amount of nutrients—they might also contain dis germs—they would surely contain souring germs.

For in many unlooked-for ways these disease and souring germs might

get into the cow's milk Do you see those 5 tins of Van Camp Sterilised Cream? They cost just 10 cents a tin or 50 cents altogether-42 cents less than

you'd pay for the perfect cow's milk. These 5 tins will make all told 8 quarts of 4% Butter-fat Milk and 1 quart of 12% Cream!—the same quantity and quality as the "perfect cow" gives daily.

And there will not be a single disease or souring germ in this Van

Camp's Cream-for it is thoroughly sterilized -every microbe is scientification destroyed.

Besides you can have these tins in your pantry constantly—ever ready for any possible emergency—to be used just as you need, daily—no waste—no loss, as with the perfect cow whose daily product you must use or waste.

And Van Camp's Sterilized Cream is just right for Coffee, Tea, Pastryor Cooking of any description. For Van Camp's Sterilized Cream put up in its air-tight tins will heep for years unopened or for 36 hours when opened and left in the religiorator. It is not sweetened—scorched, thickened nor starched.

It is just pure, clean, Cow's Cream and Milk with nearly all the water drawn out and all the disease germs destroyed.

At all grocers-single tins 10 cents or by the case of 48 tine \$4.50 or 9

THE LAXATIVE OF KNOWN QUALITY

> ity and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system

gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character. There are two classes of purchasers; those who are informed as to the quality of what they buy and the reasons for the excellence

elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy. To the credit of the druggists of the United States be it said

that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer

Genuine-Syrup of Figs manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one him only to note, when purchasing, the full name of the Company-California Fig Syrup Co.-plainly printed on the front of every package. Price, 50c. per bottle. One size only.
